You are invited to submit a paper with unpublished original work for ICCS 2011, Tsukuba on June 1-3.

You can submit to the main conference or one of the 28 workshops.

All accepted oral papers will appear in the proceedings.

Please, see <http://www.iccs-meeting.org/iccs2011> for more information, such as our first-rate keynote speakers and our exciting list of workshops.

The theme for ICCS 2011 in Tsukuba is "The Ascent of Computational Excellence in the Land of the Rising Sun", to mark the continued progress in computational science theory and practice, leading to greatly improved applications in science. This conference will be a unique event focusing on recent developments in methods and modelling of complex systems for diverse areas of science, scalable scientific algorithms, advanced software tools, computational grids, advanced numerical methods, and novel application areas where the above novel models, algorithms and tools can be efficiently applied such as physical systems, computational and systems biology, environmental systems, finance, and others. We look forward to welcoming you to this exciting event!

The ICCS 2011 Proceedings will be published by Elsevier in the Procedia Computer Science open-access series. In addition selected papers will be published in various peer reviewed Journals.
